75	Area 69						16Hx16W-Paperseed Foundation 4 pieces in center; 12Hx12W all others- turn work into horizontal by moving top and bottom row to the sides of the center pieces.	This would create outside dimensions of work 33Hx117W. This assumes 1" gap between Paperseed pieces and 2" gap between all others. Need to reconfirm with Kate that 117" w. dimension is acceptable.
